Type of project

Address of the project

Short description of the project. (max. 150 words)

Conditions for the project.

The project must be fully completed and put into use and the project must be completed after 1 January 2016

Living plants must be a fundamental part of the project - either in numbers or in "identity".

In a separate document, please explain (in max. 150 words per subject) the impact of the project on*

- a) Social cohesion
- b) Biodiversity
- c) Economic factors
- d) Climate
- e) Wellbeing of visitors/users

In the same separate document, please also explain (in max 300 words per subject) a little more about*

- f) The selection, origin and quality of used products and materials (greenery and constructing materials)
- g) The overall design (landscape and optional associated buildings)
- h) The impact on the environment (holistic, circular approach)
- i) The innovation value of the project

Please send the completed form to Danske Planteskoler taj@hortiadvic.dk including at least one, but maximum 15 photo's, designs, videos, artist impressions or other visual documentation (wettransfer.com can be used to share bigger files). If copyrights apply, please state these. If no credits are mentioned, the organisation can use the visuals without any credit notices.

*) Keep in mind that a winning project does not have to score well on all points!
